The Longevity Hall, Zhenshuai Pavilion, Autumn Pavilion, Zhaoling Pavilion and Forty-four Bridge are at the Garden of Hiding the Sea while the Twelve-cave Paradise, Hard Stone House, Tide-Viewing Tower, Love My Own House and Little Orchid Pavilion are in the Garden of Making-Up Hills. All the settings employ the use of three significant characteristics including hiding elements, borrowing from surroundings, and combining movements. When tourists visit the garden, they are enticed to linger on. Thereafter, we will visit the Piano Museum , which houses over 200 pianos. After dinner, check in to hotel and rest for the night.
